1 Simple and direct navigation bar that will be seen through-out the a pages. It is also accompnied by my name & what i do.

2 Drop down menu that will navigate the user to which part of my portfolio he/she wants to see.

3 Category headline with a short description of what my main focus is on and some comments of the category itself.
Example:
"Phtotography has always been a passion of mine. Once you take a camera with you everywhere, you become more aware of your sur-roundings..." and so forth.

4 Photos of my works. When hovered upon it will say the name/title of the project/photo. For some pages, like my "Design" page, you will be able to click on the image and see more details of the project. For this "Photography" page you will not be able to click on the image.

1 Simple and direct navigation bar that will be seen throughout the website pages. It is also accompnied by my name & what i do.

2 User friendly form that the user can fill out if they want to ask me any questions, comment, or just talk. This will be how they get in touch with me.

3 A background that will have hand drawn icons/symbolds that relate to "getting in touch". Examples would be a dialouge box, question mark, pencil, etc.
